b. For Chief, Technical Section:

(1) Para 1j - For review of all correspondence on this subject and preparation of correspondence to complete. Suspense - 21 Oct.

c. All Sections should pay particular attention to paragraph 1e. If a scheduled cable [REDACTED] usually, or any information message which has been promised) is expected to be delayed, a short message to this effect should be sent. If the Field sends in an OPDM request, the situation should be assessed as to whether it is mandatory from the Field standpoint, that it be answered immediately. Also, consideration should be given as to whether night action is required of the Field. If not, release from Headquarters should be timed to have the cable arrive during normal waking hours or the cable should be slugged "No night action." Reasonable judgment, understanding of, and consideration for detachment operating problems should be the guide.
